Villagers Pay High Tribute To Former Mayor Shannon

Members of three Village organizations gathered at the Desert Inn Wednesday noon to pay tribute to a citizen who devoted many years of his life to civic betterment in Palm Springs.

The honored guest was Francis (Pop) Shannon and the occasion also celebrated his 75 birthday anniversary.

Gathered to pay homage to the former mayor of Palm Springs and ex-president of the Palm Springs chamber of commerce were members of the Palm Springs Masonic Luncheon club and Rotary and Lions clubs. Also present at the luncheon was Congressman John Phillips who spoke of Pop Shannon's contribution to life in the Village and also touched on the political situation in the nation following Tuesday's election.

During the luncheon a parchment scroll was presented to Shannon signed by the president and secretary of the three organizations. Adopted in the form of a resolution inscription on the scroll read:

"Whereas, the community of Palm Springs having been blessed with a number of outstanding citizens, among the forefront being Francis Vaughan Shannon, and

"Whereas, Francis "Pop" Shannon having always been reticent in making known his good deeds in the highest type of contribution to the community, humaneness, friendliness, unstinting and unselfish service;

"Therefore, be it resolved, that these organizations and friends having gathered together tender Francis Vaughan Shannon this Scroll in evidence of their high esteem and continuing affection at the time of his seventy-fifth birthday."

For weeks I've been hankering to write blank verse . . . I have been writing verse for a long time that has been classified as blankety-blank . . . The above removes the blankety . . . Getting the rhyme is easy . . . It's the feet that hurt . . . One line will be like a centipede, the other will have feet of clay . . . and gooey clay, at that . . . So the decision to adopt completely blank verse was unanimous among myself.

CAME A COMMUNICATION this week on parking meters . . . It dealt with my recent statement that we could have street lights in keeping with the Village atmosphere . . . "You say we have artists here who could design a suitable street light standard for the Village . . . Which gives me an idea . . . Why not have our parking meters along the similiar lines . . . Something suitable for the Village . . . I respectfully suggest parking meters in the designs of barrel cactusses—maybe that ought to be cacti . . . And have the thickest spines at the spot where the guy who first promoted them here has to reach in to collect the take." . . . Another card urged combination of a recent suggestion in one of these compositions urging more tree planting along Village streets with street lights . . . "Why not plant a lot of trees on the drive and then shoot flood lights into them? . . . They would light the streets and look pretty, too," penned this one.

LOOKS LIKE I just can't win. . . . This is being written in the still of the night awaiting election returns . . . As I poke these keys the indications are that instead of being just dewey, it was a wash-out . . . I had hoped to be on the right side for once . . . Have voted like a good citizen at every presidential election since attaining my majority but that was the only majority involved. . . . I wound up with the minority each time but twice . . . The last winner I had was Cal Coolidge 24 years ago . . . In 1928 I forsook the GOP and that was the last time they won . . . Oh, well, at least I voted every time . . . And I never finished worse than second.

Cousins Meet After 30 Years

Cabot Yerxa of Desert Hot Springs, writer, artist and desert enthusiast, had a surprise this week.

Max Yerxa and Wood Yerxa, cousins whom he had not seen for 30 years, dropped in on him unannounced.

The cousins, here from Bakersfield, did not know where to locate the Hot Springs resident but ran into Arthur Conkwright (Conky) on the Drive and he had all of the information which directed the visitors to the reunion.

Indian Land Conditions Under Fire

Supervisors, Indian Agent, Argue Over Reservation Sanitation

Improper health and sanitation conditions which officials claim, have existed on the Indian Reservation, Section 14, for many years, came in for harsh words that stopped just short of name calling at this week's meeting of supervisors and county health authorities.

Target of the attack was Walter V. Woehlke, state director of the Indian Agency. Critics of the department of interior and the Indian agency were supervisors, Health Officer Dr. Robert Westphal, Dr. O. B. McRory, deputy Palm Springs sanitarian and Congressman John Phillips.

IN ATTEMPTING to get authority for the county health department to clean up Indian lands, particularly at Palm Springs, Woelke side-stepped an immediate demand for action by declaring it may be forthcoming in 45 days.

Dr. Westphal accused Woelke personally of standing in the way of a clean-up plan which already has the permission of William Warren, assistant secretary of the interior.

"The plan would have seen the enforcement of state sanitation measures, but Woehlke stood in the way," charged Dr. Westphal.

AT THIS POINT Supervisor James Easley of Palm Springs joined the attack by declaring:

"Woehlke will louse up every deal."

Dr. Westphal described sanitary conditions on the Indian lands as deplorable and said any sort of an epidemic could break out at any time.

Dr. McRory said that squatters on the Agua Caliente reservation "live like pigs" and added that he had been chased off the reservation the last time he attempted to inspect the lands.

WOEHLKE ADMITTED he stood in the way of Dr. Westphal's plan to improve sanitation and health conditions on the reservation. He excused his action by citing an amendment to the 1929 act requiring the secretary of Interior to lay down rules and regulations for sanitary enforcement.

He said that Indian Agency attorneys were preparing such regulations to submit to Secreary of Interior J. A. Krug but that it would take about 45 days to obtain an answer.

Supervisor Arthur Weirick asked why it has taken 19 years to draw up such regulations. There was no reply from Woehlke.

"WHO IN YOUR DEPARTMENT ever does anything? The methods you are using now sounds

Intoxication Feels Inflation's Effect

Getting drunk in the Village is becoming an expensive pastime.

The latest to learn this fact are William H. Carver and James C. Aiken when they appeared before Judge Eugene E. Thereau Tuesday and were ordered to pay a fine of $25 each or spend twelve and one-half days in jail. They chose to do the latter.

Four Auto Fires Fought in Two Days

Fourth automobile fire alarm to be answered by Palm Springs fire department in two days came at 8:50 p. m. Monday. This time it was the automobile belonging to Peggy Braun, Banning. Minor damage resulted.

Home Owners Fight Plan For Cahuilla Zone Change

Home owners in the Tennis Club district turned out in force Wednesday night to oppose a zoning change on Cahuilla road between Baristo and Ramon roads.

Myron Persons, twice turned down by the planning commission on his proposal to change the area in question from an R-1 to an R-3 zone, accompanied by a shorthand reporter, presented his case before council in a lengthy two-hour talk, claiming his contention was based on fact and not fancy.

He was opposed by Hilton McCabe, attorney for residents in the Tennis club district and secretary of the Palm Springs Home Owners' League. Others who spoke against the change was Ben Shearer, president of the league who declared that he was tired of fighting to preserve the area against commercial enterprises.

Others opposing the change were: William Colborn, Dr. F. A. Purcell, Samuel R. Rindge, Harry I. Williams and others.

Council Puts O. K. on Loan For Publicity

On recommendation of City Manager William E. Alworth, backed by the legal opinion of City Attorney Roy Colegate, city council Wednesday approved a loan of $6850 for the advertising and publicity account, so that the Palm Springs chamber of commerce, the city's publicity agent, may pay bills for advertising already placed with newspapers and periodicals.

Colegate said it was perfectly okeh to make the loan because city license revenue exceeds the 15 per cent take for such purposes voted by Village citizens April 20 this year.

City's Park Need Will be Studied By Federal Agent

Whether Palm Springs is in need of a park, will be investigated by E. M. Hilton, park planner for the National Park Service, San Francisco office, who is due to arrive in the Village Monday.

His mission here is in conjuction with the city's application for the purchase of 22 and one-half acres of former Torney General Hospital land for park purposes now pending before the War Assets Administration.

Under the federal disposal act of surplus real property, a park expert must certify to the need of such a recreational area.

Hotel Men To Picnic At Session

Hotel and apartment house owners and managers will combine business with pleasure at their annual meeting November 15.

Stanley Rosin, chamber of commerce chairman of the Hotel and Apartment House committee, announced that Jack Boyer and operators of Village stables will play host to the group at a breakfast to be held at Desert Cove south of the Casitas Del Mone on the day of the meeting. Breakfast will be served at 9 a. m.

A prominent speaker on resort travel will address the gathering after breakfast. Rosin, Boyer and the stable owner announced that all hotel and apartment house owners and operators are invited. Those attending will have saddled horses or wheeled conveyance to transport them to the scene of the breakfast-meeting.

Canal Unit 6 Bids To be Called Dec. 2

Bids on Unit No. 6 of the Coachella Valley distribution system of the All American canal will be called Dec. 2 and opened Jan. 4.

Thumbs Down

Councilman Ted Martell's committee charged with investigating the feasability of leasing one of the airport bulidings at the airport to a warehousing company, recommended that the proposal be denied because of zoning regulations.

Bennett Calls For Battle on Puncture Vine

In conjunction with the Fall clean-up drive which gets under way tomorrow an appeal was sounded today by Chairman Bob Bennett of the City Beautification committee to do more than just rid the city of accumulated rubbish.

"Let's go deeper than that," he said. "Get at the roots of the matter."

He urged citizens to go after weeds especially puncture vine which is thick this year.

The city will make available scrapers, dump trucks and other equipment and citizens are urged to call Bennett to make arrangements for the weed eradication battle.

Final Action On Sign Law Under Study

Another Packed House Debates Changes as Report is Heard

You can't please all of the people all of the time.

Council took a refresher course in that ancient adage Wednesday as they approved the report of the committee studying protests against the new sign ordinance and took it under consideration for action.

For more than a month a committee under chairmanship of Councilman Gordon Feekings has been studying the new sign ordinance seeking ways to eliminate asserted inequeities. Wednesday night his committee submitted their findings only to see them assailed by citizens and their attorneys who packed council chambers.

THE QUESTION of what "is a sign" became a subject of debate. Attorney Hilton McCabe, representing a group of citizens originally cited for sign violations, but charges against whom are now being held in abeyance asked the council the definition of the word "sign."

"Is a book in a window a sign?" he asked. "Or will the council declare that a dummy dressed in a clothing store window as a sign and possibly in violation of the amendments now submitted?"

There was no answer.

CONSIDERABLE DEBATE arose over one of the recommendation of the committee pertaining to signs erected under the 1940 ordinance and whether the new sign ordinance is retroactive. Another point of disagreement was the recommendation that all signs which do not comply with the proposed new sign ordinance be destroyed by the time May 31, 1950 rolls around.

Among the citizens who were heard were: Saul Ruskin, against the retroactive clause, Robert Ransom, who would like to see more window signs because of no street lights, Murial E. Fulton, Ross E. Read, who apologized to Council for previously using "harsh but choice words," and others, seeking to make any new ordinance conform with the sign they are now using.

The council finally accepted Feekings' committee report for further study and report.

Home Coming Frolic Gives Every Villager Chance to Join in Fun· Boost C. of C.

Village merchants, committee heads and members of the chamber of commerce were today putting on the finishing touches for next Wednesday night's great Home Coming Frolic at The Stables.

It will be a big night at a little price.

Milton Hicks, general chairman, said admission will be by a donation of $1—and that the same theme will prevail at The Stables after Villagers get there—refreshments, food and liquid, will be at amazingly low prices.

"The idea back of this low price is to make all Villagers, members, or not, of the chamber, feel they have a part in its activities. Businessmen who are members aren't the only ones who benefit from an active chamber. Everyone in the Village is dependent on it," said Hicks.

Co-chairman Max Dresdner said donation passes were available at all drug stores, at leading business houses and at the chamber of commerce.

Co-chairman Vic Sudaha in charge of entertainment, said there'll be fun for all, good dance music by two bands, one of them Gov. Jim Davis' in person, entertainment by the best in the Village and visiting celebrities and all that it takes to make for a good time.

Laggards in Clean-Up Drive To Feel Sting of City Laws

Second annual Fall Clean-Up week gets under way tomorrow in Palm Springs with Bob Bennett, chairman of the City Beautification committee confident that the Village will shine on Nov. 14 when the drive ends.

Although citizens of the Village, on the whole, responded nobly in the clean-up campaign last Fall and in the Spring clean-up this year, this Fall's clean-up will have teeth in it.

FOR THE FEW who would like to let "George do it," the committee has the backing of three sections of Ordinance 19 and two sections of Ordinance 100.

Ordinance 19, article 1, section 7, sets forth the duties and authority of the fire chief to inspect premises and order necessary clean-ups and article 9, section 81, prohibits accumulation of rubbish in any vacant lot, yard or open space.

Both articles carry punitive clauses in article 10, section 83, which provide a fine of not more than $300 or a corresponding jail term.

ANOTHER CITY LAW, Ordinance 100, makes it unlawful to deposit garbage or rubbish any place in Palm Springs except in containers provided for that purpose.

This law carries a $300 penalty and or a 30-day jail term.

Every home, business place, apartment or hotel, will get a card reminding them of clean-up week and outlining manner of disposing of accumulated rubbish.

Follow up cards will be sent those who fail to comply and total ignorance of the postal reminders will result in application of the city ordinances.

CITY TRUCKS will aid in the clean-up at a nominal fee and a call to 6151 will arrange for the special haul.

Plans for the clean-up were completed Monday afternoon at a meeting of the full committee with district co-ordinators, representatives of all civic organizations and the executive committee, present to confer with Chairman Bennett.

Foes of Zoning Measure Win in Tuesday's Election

Defeat of Walter V. Pittman, chairman of the board of supervisors and Supervisor Arthur Weirick in Tuesday's election may drastically alter the campaign to keep Samuel Guiberson Jr., from erecting his $10,000,000 cement plant at the northwest entry to Palm Springs.

William E. Jones of Arlington who defeated Weirick in the first district based most of his election campaign on criticism of the board of supervisor for zoning a 66-square mile are around Palm Springs against heavy industry.

WILLIAM C. SLAPE who defeated Pittman did not base his campaign on the controversial cement plant zoning issue, but Villagers who have talked to him report he is not thoroughly convinced that a cement plant near here would harm this resort area.

With Supervisor Floyd Gilmore of Hemet opposed to the zoning ordinance, opponents of the cement plant fear that a majority of the supervisor now oppose the law against heavy industry in this area.

Supervisors voted four to one in favor of the cement plant when the act was first introduced.

DURING THE CLOSING DAYS of the campaign in Riverside, Jones injected the Palm Springs cement plant issue into the campaign in large advertisements excoriating the present supervisors for passing the measure. This campaign concided with radio programs and advertisements in newspapers by Guiberson.

Slape, presently a Riverside city councilman promised those who voted for him, economy in government.

In the meantime there is an action pending in federal district court, Los Angeles in which Guiberson is asking that the zoning ordinance be killed. Earl Coffman and Earl Strebe, co-chairmen of an anti-cement plant committee in the Village plan to call a meeting of that body early next week.

Council Thanked

Council Wednesday officially accepted a letter of thanks from Fred Watson for flowers sent to the funeral of his wife, Charlotte Watson.

New Village Voting Mark Set Tuesday

Almost Three-Fourths Of Eligible Voters Register Their Choice

Palm Springs did not string along with the rest of the nation Tuesday nor with California—Palm Springs went for Dewey and Warren in a big way in the most active election in the city's history.

In the Village's nine precincts, 2529 voters, more than the total number eligible to vote in the June 1 primary, voted in the presidential election.

THEY GAVE Dewey and Warren 1529 votes to President Truman's 874 and Wallace's 69. Only two votes were cast here on the prohibition ticket.

On the amendments they went strongly "No" on the three controversial issues, No. 12, prohibition, No. 13, re-apportionment and No. 14, housing. The vote on No. 12 was 1823 against to 464 for. Re-apportionment was voted down, 1503 to 473 here and housing lost, 1439 to 529.

THE VOTE HERE was over 70 per cent of the registered electorate. County Clerk G. A. Pequegnat listed 3505 votes in the Village and 2529 exercised their citizenship privilege.

The county went republican 30,371 to 22,165 and voted down 12, 13 and 14 with like margins.

In Palm Springs election day passed quietly.

Most boards were through by 2 a. m., although No. 2 worked until 8 a. m. Wednesday on the tabulation.

The PUBLISHER'S Corner

by OLIVER B. JAYNES

MOST OBSERVERS ATTRIBUTE the surprise victory of President Truman to over-confidence on the part of Republicans, the strong Democratic-labor combination, heavy federal employee vote and Dewey's failure to get down to specific issues in his campaign. Whatever the cause, it stunned a lot of Republicans who had worked hard themselves and warned repeatedly of over-confidence. The failure of the Dewey-Warren ticket to carry California was one of the biggest surprises of all.

With a clean sweep of the House and Senate, the Democrats are back in the saddle again. Only obstructions to a clear path ahead are the insurgent southern democrats who will undoubtedly line up with republicans on many issues. Most people seemed to think it just as well that President Truman will have a majority in both houses of congress, but the effect of four more years of democratic rule on this country is the subject of much speculation. One comforting opinion, shared by many, is the belief that the bi-partisian foreign policy will keep unity in our international relations.

CALIFORNIA VOTERS turned down the important local option, re-apportionment and housing propositions two-and-a-half to one. As a matter of fact—except for the generally uncontested propositions 7, 8, 9, 10 and 18—they turned down ALL of the propositions but three. Voters approved repeal of the railroad brakeman featherbedding law, increased pensions to blind and aged, and favored revision of the chiropractic act. The result proved that voters know pretty well the issues involved in propositions and give them serious thought. Except for featherbedding, which was approved by a slim margin, the vote was decisive on all of the propositions.

THE REPUBLICAN PARTY is dead—an old-timer in the G. O. P. ranks told me last Wednesday morning, it will never win an election, he said. It does seem like we have a two-party system with a one party rule, but new parties just don't get anywhere. They have always met with failure. It is quite apparent, however, that the Democratic party has almost perpetuated itself in the national administration and that some new policies will have to be adopted by the opposition party if we are to have a two-party system that gives both a reasonable chance.

By-Laws Voted, Election Plans Mapped and Reports Heard by C. of C. Board

Palm Springs chamber of commerce directors met in the Fiesta House of the Desert Inn Monday afternoon and adopted new by-laws, appointed a nominating committee, heard reports of the advertising committee and on progress of plans for the Homecoming Frolic at The Stables November 10. Other important reports were also submitted to the directors.

New by-laws were submitted by Attorney Lyle Newcomer. Revision of these laws has been studied by the by-laws committee for several months.

CHARLEY MATHEWS, president who presided, appointed five directors to act as a nominating committee to select candidates for election in December. They are Harold Hicks, Fred Ingram, Keith Herbert, Herman Reich and Francis Crocker.

Oliver B. Jaynes, chairman of the advertising committee displayed the first copy of 25,000 four-solored folders which will be sent to travel agencies, transportation companies and tourist information bureaus throughout the nation. He also reported on the progress of advertising in daily publications and magazines to sell Palm Springs to winter, spring and fall vacationists.

MILT HICKS, chairman of the Homecoming Frolic, assured the board that the event at The Stables next Wednesday will be a huge success and that every effort is being made by the various committees under his leadership.

Frank G. Ewing's appointment to the convention committee of the chamber of commerce was confirmed.

Earl Strebe, member of the anti-cement plant committee, reported on the activity of that body. He said that money to fight E. A. Guiberson's proposal to build a cement plant near Palm Springs was needed. The committee is also planning to distribute information on the potential injury such a plant poses to the future of Palm Springs.

He announced that Harry Harper has been appointed public relations counselor for the committee and that a motion picture and a special speaker will be shown and heard at El Paseo theater in the campaign to fight the invasion of heavy industry in the Palm Springs area.

Police Oblige Prisoner Who Wants to Vote

Unable to make $100 in bail to guarantee his appearance in court, Louis Grant, 40, 185 East Andreas charged with being drunk and disturbing the peace, found himself in jail on election day and persuaded Sergeant Orest Johnson to permit him to cast his vote.

"All I want is a chance to vote for Governor Dewey and to vote against prohibition on that proposition 12."

With that plea, Sgt. Johnson escorted the prisoner to the polls and then back to jail to await his trial before Judge Eugene E. Therieau.

One License O.K., One is Protested

City council permitted one application to the state board of equalization to go unprotested but on motion of Councilman Gordon Feekings voted unanimously to protest the on beer and wine application filed by J. Paul Tarr, market at 1075 north Palm Canyon drive. No protest was made on the application of The Stables.

One Ride Victim Still in Hospital

Howard F. Dobeck, 55, who sustained a fractured ankle when thrown from a haywagon rolling out of control down hill, is still confined at the Palm Springs Community hospital. Harvey Gerwin, Portland, Oregon, passenger on the same ride, who suffered a fractured elbow, was released from the hospital Monday.

Both men and 33 other persons attending the Menswear convention were passengers aboard the haywagon en route to an early morning breakfast. Near the Casitas Del Monte hotel, the wagon hitch connecting the wagon to the horses broke, permitting the wagon to run wild down hill. Eight other persons received minor injuries.

Desert Museum Host to 2,000

Desert Museum's season is off to a flying start.

Lloyd Mason Smith, director, said yesterday that in the last two weeks of October, more than 2000 persons took part in the institution's activities.

In the last ten days, 1300 people were counted at various Museum events.

Deny Claims Cement Lack Halts Homes

Home Owners League President Refutes Stories of Shortage

Palm Springs Home Owners League, one of the leaders in opposition to the erection of a cement plant by S. A. Guiberson Jr., northwest of Palm Springs this week added strong voice to the arguments against the proposed plant when Ben F. Shearer, president, refuted the statement that there was a shortage of cement in southern California and that this shortage was delaying the development of a national veterans housing program.

Instead of a shortage, Shearer pointed out, cement companies are now worried about warehousing their product.

"AS LATE as two weeks ago," declared Shearer, Guiberson persuaded his political friends to intervene in his federal court action against the county of Riverside, contending that there is a shortage of cement for veterans' housing."

"Even at that time," continued Shearer, "anyone could have purchased all the cement wanted."

He said that a check at retail sources revealed that Guiberson was wrong when he said cement is scarce.

REFERRING TO A LETTER Guiberson was successful in urging the U. S. attorney general's office to file in his injunction action against Riverside county and the enforcement of the zoning ordinance, Shearer continued:

"It would seem to our organization that such a representation by the attorney general's office as to a shortage of cement would be difficult to explain to the judge before whom Guiberson's action will be heard."

The league's president accused Guiberson of misrepresentation in his campaign to win supporters for his cement plant.

Laff of the Week

Indian Land . . .

like another 19 year bait," said Easley.

Congressman Phillips demanded that a telephone call be placed to Washington demanding a "no or yes" answer to the question of enforcement of state sanitation and health regulations.

But Woehlke waved governmental red tape in the face of his inquisitor.

"Dr. Westphal would have to have definite procedure laid down," Woehlke pointed out.

THEN CITING personal anxiety over the welfare of non-Indians now residing on the Reservation, Woehlke said:

"There is always the fact that Palm Springs does not pay its employes enough to pay $10 a day rent, thereby forcing these people on to Indian lands. If you go in and clean out those shacks and trailers, what are these people going to do?

"Let these people worry about that," said Supervisor Easley.

IN ANSWER to a direct question by Easley whether Woehlke wanted the health department to go on the Indian lands and clean up the mess, the Indian agent said: "Certainly. The only question in my mind is how to do it."

Supervisors Vote To Join in State Mutual Aid Plan

Supervisors this week voted to add Riverside county to 58 others in the state in a mutual aid plan among enforcement bodies in the event of "enemy action, disaster or civil disturbance."

The mutual aid plan is part of California's general disaster program and provides for state compensation to law enforcement agencies suffering damages or expenses in assisting other law enforcement agencies. In effect, it sets up an operating chain of command.

THE COUNTY RECENTLY organized its disaster council and named Col. H. G. Halverson as director. Palm Springs has for the past three weeks revived its disaster plan under an ordinance adopted in 1947. Riverside is the only other community in the county having a disaster plan.

Col. Halverson said several other cities in the county have been waiting for supervisors to act.

THE MUTUAL AID PLAN has has the hearty endorsement of Gov. Earl Warren, Col Halverson said.

"It is a step further in the general plan for organizing civil defense, such as will be announced shortly by secretary of defense, James V. Forrestal," he declared.

Red Cross Aids In Financing Kin

Riverside county's American Red Cross chapter has been unusually successful in locating 49 of 54 next of kin of World War II dead in connection with the reburial program, chapter officials said this week.

Chapter workers began searching for next to kin at the request of army authorities after efforts by the military to locate them had been exhausted. This service, conducted by the home service department, was added to the many already performed in connection with persons in and out of armed services.

On a nationwide basis, the chapter said, the Red Cross has found nearly 31,000 next of kin, that total being 98 per cent of the number of requests made by the army.

Remains of 81,500 members of the armed forces already have been returned to this country according to a recent announcement, and before the program is completed, 150,000 are expected to be returned for final burial.

40 et 8 Group Organizes Here

World Wars Memorial Hall was the rallying spot last night for 40 et 8 members from the desert area from Desert Hot Springs to Blythe to complete organization of a desert area voiture of the organization. Application for the charter has been approved by state and national headquarters, Charles St. George, prominent in the organization work, said yesterday.

Miss Andrews Now Member of Sun Ad Staff

Miss Ann Parron Andrews, formerly of Miami, Florida and coming directly to Palm Springs from Los Angeles, this week joined the display advertising staff of The Desert Sun.

Miss Andrews who has a long successful record in writing highly specialized advertising copy for big daily newspapers will confine her efforts in Palm Springs to counseling. Beauty shops, women's ready to wear stores and hotel owners in the preparation of their advertising layouts.

Her background of experience includes work on the advertising staffs of the Miami Tribune, Miami Herald, Atlantic City Press and the Los Angeles Downtown Shopping News.

She plans to make her permanent home in Palm Springs.

Boost in County Values Exceeds State Average

Taxable property in Riverside county for the current fiscal year, assessed at $158,511,160 shows a 76 per cent increase over the prewar $90,224,790 valuation for 1941-42, California Taxpayers' association said today, making public its study of trends in taxable valuations in California counties.

The 1948-49 taxable valuation of the county includes $50,082,770 in land, $82,642,380 in improvements, and $32,642,510 in personal property and money; deducted from the total, there was $6,856,500 in exemptions.

Over the state as a whole, taxable valuations for 1948-49 are assessed at $12,193,012,251, which is 66 per cent or two-thirds more than the $7,350,926,865 total value of taxable property for 1941-42.

Bank of America Buys Oasis Bonds

Bank of America today purchased from Riverside county board of supervisors, $21,000.00 of Oasis school district bonds. The bank bid 4½% for $16,000.00, maturing 1949-1964 and 4½% on $5,000.00 due 1965-1969 plus a premium of $29,000.00. The net cost to the district is approximately $10,128.50 or 4.384%. This financing is for construction and improvements on school buildings and equipment.

Art Thorn Elected President of Idyllwild Chamber of Commerce

Art Thorn, Pine Cove businessman, was elected president of the Idyllwild chamber of commerce this week at the annual chamber election held in Town Hall on Monday night. Thorn was chosen president from the group of 13 directors.

Vice president for the coming year is Dick Elliott. Helen Sanborn was appointed secretary, and Melba Buchanan was chosen treasurer.

Thorn has been a director since 1947, and has been active in local civic affairs. Last year, he was president of the Pine Cove Mutual Water company. He played an active role in the Idyllwild Gold Strike held last July as a benefit for the Town Hall.

Elliott, who operates the Desert Sun school, has been active in educational and conservation projects in the mountain areas. He was recently elected to the Hemet district school board.

Because the Idyllwild Chamber of Commerce functions as a civic as well as business organization, its leaders are chosen from property owners, state and federal representatives, and merchants. During the past five years, both the state park and UC forest service have been represented on the board of directors.

Plan New Homes In La Quinta Area

Inauguration of a large scale building program at La Quinta, in the Palm Springs area, was announced yesterday.

Management of the Palm Springs-La Quinta company said that the availability of fully improved homesites in Desert Club Manor will also add to the large scale activity already in progress there.

Many homesite purchasers, say firm officials, have built or are building lovely homes.

A number of these are multiple unit buildings.

Owners of homes and homesites, they add, come from all sections of the nation.

Foresee Another Date Price Rise

California date industry, paced by its cooperative marketing association, United Date Growers, is now reaping the benefits of a sound marketing policy based upon realistic pricing. Deliberately opening current season prices ten per cent below indicated supply-demand equilibrium levels resulted in immediate favorable reaction. Stimulation of demand resulted in the booking of the entire estimated October pack—out prier to arrival of the first car in eastern markets. With ten per cent of the crop sold, United is increasing the price on U. S. choice dates, effective November 1. New prices, ex terminal market warehouse, are $3.30 for 15 pound flats, $3.45 for 24/8 oz. "Desert Sweets" cartons. Both are packed with U.S. D.A. inspected and certified U.S. choice grade dates.

William W. Cook, president of United, said that the organization is confident of a further increase in demand as distribution continues and the trade and consumers see the quality of United's 1948 pack and the dependability of U. S. choice grade. It is therefore anticipated that a further upward devision of prices will be made near the middle of November. Supplies scheduled for shipment through November 15, only, are being booked at announced prices.

Acceptance of the grower cooperative's program is further evidenced by a recent twenty per cent increase in membership. Also gratifying is the support given to United Date Growers by the nations largest financial institution, the Bank of America. With an increased percentage of the crop, adequate financing and acceptance of its progressive marketing policies, United Date Growers appears well on its way to having its most successful season.

Year's Building Falls Below High Figures of 1947

November building got away to an average start and unless some large permits come in during the month, 1948 will lag behind 1947, P. M. Swart, building inspector, said this week.

The 1948 total fell below that of the corresponding periods in 1947 for the first time in October. On October 31, this year's total of $4,507,237 was $172,873 below the first ten-month total of 1947.

In November last year, value of permits issued was $538,830 meaning, said Swart, that November's permits this year will have to be almost $700,000 to keep the two years even.

"It looks dubious," he said.

In the past few days one large dwelling permit and several smaller permits were issued to the following:

Louis Andrews, Hermosa drive, dwelling, $18,000.

Henry Furst, 3540 Sunny Dunes, garage, $1760.

Joe George, 670 Desert Way drive, garage, $1440.

John T. Jeffries, 401 E. El Segundo, guest house, $2960.

W. W. Whittall, 830 East Ramon, dwelling, $5000.

J. R. Williams, 656 Desert Way, garage, $1760.

Building Cost Index Climbs

During the third quarter of this year, the American Appraisal company construction cost index rose 6 points to 502.

This is a new high and two and one-half times the 1939 index figure.

The increase for this year so far is 34 points, or 7 per cent.

The index is based on a detailed analysis of materials and labor in industrial construction. Index figures are based upon 100 for costs in 1913, with 1939 rated at 200.

The first press was set up in Paris in 1470.

Cathedral Zoning Plea to be Given Supervisors Soon

Details of the proposed county zoning ordinance extending from the eastern limits of the Palm Springs mountain-desert ordinance to Point Happy from the mountains on the south to the Southern Pacific tracks on the north.

D. C. Lewis president of the Cathedral City chamber of commerce, said the ordinance would be presented to supervisors as soon as some minor details were ironed out.

Residents of the area involved met at Cathedral City last week to discuss plans.

Indian Children Register Under New Federal Law

Although application for enrollment of Indian children to obtain benefits in the $5,000,000 judgment fund against the United States is now underway, registration in Riverside county is not expected to reach its peak until after Nov. 15.

This was learned yesterday from H. W. Gilmore, assistant to the state director, California Indian Agency, and manager of the Mission Indian agency in Riverside.

GILMORE indicated that enrollment applications would probably gain impetus following arrival of Douglas Clark, now of the District Office at Phoenix. Clark will assume responsibility for allotment of Indian tribal lands and will probably undertake assistance to Indians in the registration process. His work will begin at Agua Caliente Reservation in Palm Springs.

Indians however, may at any time apply for enrollment of their children born since 1928, according to the state office.

THE CALIFORNIA Indians recovered a judgment against the United States of a little more than $5,000,000. With accumulated interest this fund now exceeds $5,500,000. Congress has directed that the living children of the original enrollees may now be placed on the official roll so these children may participate in the benefits derived from this fund when Congress decides what these benefits are to be.

A bill authorizing payment of $150 to each enrolled Indian failed to pass in the final days of the last session of Congress, but Congress at that session authorized the addition of the children born to enrollees since 1928 and directed that the names of enrolled Indians who have died should be stricken from the roll which contains almost 24,000 names.

APPLICATIONS for enrollment of children should be sent to the California Indian Agency, Federal Building, Sacramento. Application should state the name, sex, date and place of birth and present address of the children and their parents.

PACKAGE WEEK ENDS—Mary B. Nelson, manager of Palm Springs airport, and Winifred Wood, her public relations head, get assurances of cooperation from George Rasmussen, of the Smoke Tree Stables, in their new plan of "Package Week-ends" designed to provide reasonable-cost vacation days for pilots who fly in to Palm Springs.

Clouters Escape With Loot Taken From Four Autos

Police yesterday announced no clues to the identity or whereabouts of car clouters who were successful in escaping with approximately $3000 in valuables after breaking into four parked automobiles parked on Village streets during the Menswear convention.

Mr. and Mrs. Cyril L. Murphy reported a loss of $2000 in personal belongings, radios and jewelry. Max Rappaport, Los Angeles, lost two nickel-plated wheel hubs worth $150. Sam Janich, reported a loss of $700 in men's and women's clothing is offering a reward of $50 with no questions asked, if returned. Rolly Dunlap has not recovered a fender pants to his automobile and a special radio aerial.

Two Automobiles Reported Stolen

Two automobiles were reported stolen in the Village Tuesday.

One was found missing from its parking place, 180 North Palm Canyon drive by its owner Vernis M. Ayers. The other, belonging to Ray Stanford, was taken from in front of the building at 363 North Palm Canyon drive. An all-points alarm was broadcast by local police.

Aerial Week-End in Village Planned by Skyways Ass'n

The National Skyways association, known as the "Auto Club of the Air," has set the week-end of November 13-14, as the date of its second annual invitational mass flight. It is expected that over 100 pilots from the Southern California area will join this NSA flight to Palm Springs that week-end. With the cooperation of Mary B. Nelson, manager of the Palm Springs Airport, and Winifred Wood, airport public relations head, a "package week-end" has been arranged for this event. A special low-cost plan will include, in addition to many other features to attract the pilot, room, meal, swimming, and dancing at the Hotel Del Tahquitz. Flyers will also participate in drawings for many valuable prizes donated by Palm Springs business concerns.

This is the first of the "package week-ends," planned by Mrs. Nelson and Miss Wood, to induce pilots from all over the country to enjoy a fly-in vacation in Palm Springs. Miss Dorothy Aspell, head of the National Skyways association outing bureau, congratulated these two enthusiastic boosters of this desert playground, and said that their new plan would undoubtedly bring more pilots in for the winter season than had ever been in before.

Gilson Convicted In Assault Case

Frank Gilson, Pasadena, was convicted in Judge Eugene E. Therieau's court Wednesday on a charge of beating David Milgrim in a dispute over a painting contract. Sentence was withheld pending outcome of a hearing on a motion for a new trial. The hearing was set for November 12.

While in court Gilson was also charged with conducting a painting business without a state contractor's license. He pleaded not guilty and date of trial on the second charge will be set after the November 12 hearing.

License Approved

Management of The Bombay now may permit dancing at that night spot, Council Wednesday so voted on the recommendation of City Manager William E. Alworth.

Control of Stray Dogs in County Studied by Board

County Supervisors Monday heard that packs of wild dogs are increasing in numbers, attacking livestock and presenting a health menace in Riverside county.

They appointed two of their number, Supervisors James Easley and Floyd Gilmore to look into the matter and study Health Officer Dr. Robert Westphal's plan for remedying the situation.

Dr. Westphal estimated that the county's stray dog population has reached 22,000 and he furnished a graph designed to show the county is due for another outbreak of rabies.

HE PROPOSED that the county set up a central pound in Riverside, branch pounds at Hemet and Coachella, hire a rabies control staff and buy vehicles for hauling dogs.

To pay for all this, he proposed licensing and vaccinating male dogs at $1.50, female dogs at $2.00.

This should bring $35,500 into county coffers, Dr. Westphal said, just the amount needed to pay for three pounds, trucks and men. But eventually, he said, the county should have six pounds.

TO SUPPORT his recommendations, the County Health Officer furnished some statistics about how San Bernardino county had fared with the same problem.

San Bernardino county, he said, had licensed 13,000 dogs in unincorporated areas since January when it adopted a compulsory vaccinating and licensing ordinance, bringing the county $19,500. Another 10,000 dogs had been licensed and vaccinated in San Bernardino's incorporated cities, he said.

In 1947 San Bernardino county had 120 rabid dogs and only 23 thus far this year since the new law was enacted, he said.

The county supervisors didn't commit themselves on how they felt about Dr. Westphal's suggestions. They just agreed to take the matter under study.

Enlarged Church Provides More Room for Classes

Sunday School at Community church commences at 9:45 a. m. Many of the new class rooms in the enlarged church building are being used and the school is providing individual classes for each age group. Two adult Bible classes have been formed which gives an opportunity for parents who have children in Sunday School to enjoy the opportunity of Bible study during the Sunday School hour.

At the morning worship service at 11:00 a. m., the Rev. James H. Blackstone Jr., pastor, will preach the second in a series of sermons on "Christ's Message To His Church." These messages are based on the seven letters found in the opening chapters of the Book of Revelations. The subject for this Sunday is "Smyrna—The Suffering Church." Special music will be rendered by the Chancel choir.

Young People's Meeting will be conducted by members of a deputation team from the Hollywood Presbyterian church.

In the evening service at 7:30 p. m. the young people from Hollywood will present special musical numbers together with their testimony to their personal Christian experience.

Divine Discontent Will be Subject Of Rev. Hogarth

"Divine Discontent" will be the theme of the sermon of the Rev. Robert M. Hogarth Sunday morning at 9:45 and 11:00 in the Episcopal church, St. Paul's in the Desert.

"Following out the thought of last Sunday on the education of the saints, that saints are not born that way, but self-made, sometimes by great trouble and adversity, it is also true that God made us with this capacity for discontentment with life as it ought to be. As we grow in age this feeling of discontent grows more keen, and if we have some measure of success, it is not in spite of our discontent but because, as Thomas Carlyle said, we have developed within ourselves "an infinite capacity for taking pains," said Rev. Hogarth.

Rev. Hogarth was present at the public ceremony of the laying of the corner stone for the new All Saints Episcopal church in Riverside on the banks of the arroyo across Magnolia avenue from Riverside college. The Rt. Rev. Francis Eric Bloy, D. D., bishop of the diocese, officiated, assisted by the rector of All Saints, Rev. Henry Clark Smith, D. D. and some of the clergy in the vicinity. The first and present All Saints Church on Tenth and Lemon was erected 61 years ago in 1887, the Evergreen Lodge of Masons laying the corner stone in June of that year. The metal box sealed into the stone at that time has been removed and will be placed in the cornerstone of the new church, for it contained many interesting documents with names of the officers and heads of organizations in that year, old Riverside newspapers, church periodicals and mementos of Masonry in Riverside.

The Episcopal Service League of St. Paul's in the Desert will hold its fortnightly meeting on Wednesday, Nov. 10 at 8 p. m. in the home of Miss Phyllis Cairns, 517 Camino Parocela.

Service Hours At St. Louis Church Change

Beginning on the first Sunday in November, there will be two Masses celebrated at St. Louis church in Cathedral City, one at 8:00 and the other at 10:00 o'clock a. m. The added service will be for the convenience of the people of the district.

On Wednesday Nov. 10, at 8:15 p. m., and every week thereafter, the discussion class on religious topics with its attendant question and answer session, will again be held.

The parish is holding its first benefit party of the season Tuesday, Nov. 23, in the parish hall on B Street off Klenn, in Cathedral City. A gala crowd of 500 people is expected at the affair. Donation for the party is $1.

Christian Science Topic 'Adam and Fallen Man'

"Adam and Fallen Man" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Genesis: "There went up a mist from the earth, and watered the whole face of the ground. And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul."

The Lesson-Sermon includes this Scriptual selection also from Genesis: "In the beginning God created the heaven and the earth. . . . And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. . . . And God saw every thing that he had made, and, behold, it was very good. . . . Thus the heavens and the earth were finished, and all the host of them."

On this subject Mary Baker Eddy says in "Science and Health with Key to the Scriptures:" "Popular theology takes up the history of man as if he began materially right, but immediately fell into mental sin; whereas revealed religion proclaims the Science of Mind and its formations as being in accordance with the first chapter of the Old Testament, when God, Mind, spake and it was done."

Collegiate Caravan Here Over Week-End

Community church is host this week to a group of forty college age young people who come from Hollywood to Palm Springs as the Collegiate Caravan. This group includes a number of outstanding leaders from the campuses of Southern California. Also included are several young people who are well known in the professional and entertainment fields. This Collegiate Caravan will arrive in Palm Springs Saturday afternoon. A dinner is planned for them to be held at the church by the Young People's societies. Following dinner the caravan will present a program in the church auditorium at 7:30 p. m. to which the public is cordially invited. This will be the only appearance of the Collegiate Caravan in Palm Springs.

The first daily newspaper in the United States was established in 1784.

Woman's Circle Plans Busy Day On Bazaar Plans

Next Tuesday, Nov. 9, at 1:30 p. m. marks the day and the hour for a work session in preparation for the forthcoming bazaar to be held in the Fiesta House on the grounds of the Desert Inn Dec. 7 by the Women's Circle of the Community church.

Mrs. Donald Lockett, as hostess, will serve tea and cake at the meeting in the new church parlor. Due to the unfinished condition of the kitchen, lunch will not be served.

Mrs. William A. Lippman, president, requested all members bring work. Those not having work, she said, are urged to come anyway as there are plenty of items to work on at the church.

Mrs. James R. Fouch, in charge of the white elephant department, urges all members to carefully inventory attics, storerooms, and pigeon holes and bring all articles to this meeting which they desire to contribute, such as costume jewelry, lamps, books, figurines, vases, antiques, odd silverware of the like.

Miss Dunn's Presentation Delights Club

Full membership of Palm Springs Woman's club was present at the club house Monday to enjoy again this year the vitally vibrant review of a popular stage plya by Mrs. Margaret Alexander Dunn.

Mrs. Dunn portraying most of the roles in the stage play "John Loves Mary" held her audience spell bound for more than 15 minutes. Last year she reviewed "I Remember Mama," to the delight of the club members and resulted in her recall for the first program of this season.

Mrs. Dunn has become a favorite with clubs and school throughout California not only because of her ability as a dramatic artist but also because of her facinating personality.

The meeting which was presided over by Mrs. James Geggie, heard the report of newly organized committees. Among them was a report by Mrs. Gordon Feekings, chairman of the Ways and Means committee and Mrs. Billy Wright who heads the Civic committee.

Mrs. Geggie congratulated both women for the evident activity shown in both reports.

PRESIDENT — Mrs. James C. Geggie who presided over the first program meeting of the year by the Woman's Club Monday afternoon when Mrs. Margaret Alexander Dunn, entertained the members with a review of the popular stage play "John Loves Mary."

New Monday Luncheons Inaugurated

First in a series of planned Monday luncheons at Palm Springs Tennis club got under way this week in the beautiful Bougainvilla Room with interesting guests and speakers making and entertaining afternoons for not only members but their guests and friends.

HIGH BLOOD PRESSURE
Is the nation's number one man killer. Most of us do not realize this fact but it's the truth. More than a quarter of a million people die every year of High Blood Pressure—resulting in a Cerebral Hemorrhage, Paralysis or commonly known as a "stroke." A new method of treatment has recently been discovered and developed for treating this stubborn ailment. This new procedure is painless—No drugs, injections or surgery used.

CROSSTOWN

"Now we got a band to play between halves."

I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

The people are waiting for election day. By the time you read this letter we will know the results. Nervous candidates, who hopefully tried to change votes in the last days of the campaign, may now let their blood pressures down. A prominent American can now drop his unaccustomed and unbecoming robe of hate and dissension, and again be the kindly citizen of Missouri, whom whom everyone likes, and who much prefers the freedom of action, and the Saturday night card games, which were once his to enjoy.

The nation will adjust itself to new leadership. A younger generation, which has known but one party in office, and which thought the nation would disintegrate when Roosevelt died, will see again that the nation is stronger than the individual, and principles more enduring than men. This is not happen-stance. It is the Republic. This nation is not a democracy. It is not an autocracy, nor a dictatorship of classes, or masses, or individuals. It is government so unique that no other nation has had it, and thus, as effect follows cause, no other government over the same period of time has remained unchanged.

HAMILTON AND JAY and Madison tried to explain this when (through the Federalist Papers) they wrote their understandings of the new constitution, as it went from colony to colony for ratification. "Among the numerous advantages promised by a well-constructed union," said these writers, "none deserves to be more accurately developed than its tendency to break and control the violence of faction."

Formal language, but that's the way they talked in 1787. Skipping several pages, we find this: "A republic, a government in which the scheme of representation takes place, promises the cure for which we are seeking." And then, "The two great points of difference between a democracy and a republic are: First, the delegation of the government (in the republic) to a small number of citizens elected by the rest; secondly, the greater number of citizens, and greater sphere of country, over which it may be extended." A democracy, said the writers, can admit no cure for the mischiefs of faction.

WE SEE THE MISCHIEFS of faction in the present campaign; the confusions of pure democracy in 19 measures on a ballot, with no possibility of understanding the details and technicalities. We see the benefits of the republic in the courage and understanding of a Congress which could say no to proposals of momentary political value, harmful in the long run to the people and the nation.

Let's determine that we shall understand our government, as well as support it. Let's preserve a government of principles, and be less concerned with whether a candidate sang baritone in college, or had a Bing Crosby personality for fireside chats. Lincoln was an unknown lawyer, practicing on the frontiers of the nation, 18 months before he was inaugurated President, but the principles on which he and his party stood preserved the republic and gave freedom to a race. This is still the one land of freedom; it is still America; it is still a republic.

Another Reminder Issued On Mobile X-Ray Unit Dates

Mrs. Madge Holderman, public health nurse, today issued another reminder to Villagers to make arrangements to take advantage of the visit here Nov. 15, 16 and 17 of the Mobile X-ray unit of the County Tuberculosis association. The unit will be stationed at the Plaza for the three days.

Food handlers are especially urged to turn out for pictures and all employers of such personnel is asked to make arrangements to give workers time off to go to the unit.

The tests cost nothing and take but a short time, Mrs. Holderman said. She added that the county health department was anxious to have all food handlers take the tests.

Appearance of the Mobile X-ray unit is sponsored here by the Soroptimists club.

Cost is defrayed from the annual Christmas Seal sales.

Legion Plan for Display of Flag Meets Approval

Reaction to the plan of Owen B. Coffman post, American Legion, to see to it that the American flag is properly and sufficiently displayed on all national holidays has been good, Harold Lienau, chairman of a committee to arrange the program, said yesterday.

The Legion committee is calling on business men to arrange for flag holders in the sidewalks along Palm Canyon drive. Under the plan worked out by the post and Palm Springs Boy Scout council, the boys will take charge of putting out the flag on national holidays for a nominal annual fee. They will be in charge of the banners and store them for use as needed.

Lienau said the plan was evolved because of the lack of flag display here on holidays.

One flag day, he said, there were only two flags flown here.

He'll Help Housewives With Their Holiday Dinner Menus

Alfred Heart, internationally-known chef now supervising the preparation of food at Irwin Shuman's Chi Chi, yesterday promised that he would reveal for Village housewives some of his most guarded recipes.

Heart, who was chef at the Hotel Adlon in Berlin at the outbreak of World War 1, has worked in the most famous hostelries and cafes in Switzerland, Paris and London before coming to this country.

Patrons of the Waldorf Astoria in New York have tasted the food Heart has prepared. He has been employed at the swanky Drake and Palmer House hotels in Chicago and was once featured in Life Magazine because he could so deftly prepare famous dishes known throughout the world.

About the receipes he will reveal to Village housewives, Heart added this bit of philosophy.

"I'm not fearful of telling the ladies about my recipes," he declared. "If I can help with suggestions for the Thanksgiving and Christmas dinners, I'll only be too glad to do so. After all, recipes and cook books do not make a good cook."

Oyster, chestnut and other stuffing recipes for the traditional bird in addition to salad dresings and just about anything any good housewife may want to please the palates of her family can be had by dropping in at the Chi Chi.

Town Meeting Next Tuesday

Town meeting will be held Tuesday Nov. 9, at 7:30 to hear Supervisor James Easley and to have a social hour. Refreshments are under the direction of the house committee of the chamber of commerce and the Woman's club will serve the refreshments of coffee and doughnuts provided.

Mrs. Linnea Watts is introducing her sister Mrs. Swannie Pitcher who is now living with her. Mrs. Pitcher has the position of office nurse for Dr. Leo La Dage in the office formerly occupied by Dr. L. Wilbor at 675 D Street. Mrs. Pitcher worked as an office nurse for several doctors in Klamath Falls before coming here and is a sister of Oscar Hurley who owns the Palm Village cottages. Dr. La Dage spent last week in Los Angeles attending the annual meeting of the American College of Surgeons of which he is a member. He is formerly of Davenport Iowa and served as a major in the recent war.

Talk on Navajo Indians Features D.A.R. Meeting

Mrs. Agnes Wilbor, vice regent of the newly formed Cahuilla Chapter of the National D. A. R. entertained the group with Miss Agnes Pelton at Miss Pelton's studio last Thursday afternoon. Curt Ring gave an interesting talk on the Navajo Indian. Mr. Ring with wife and son Mark were in their summer headquarters at Coram, Montana, five miles from Glacier National Park. He spent much time in the Blackfoot Reservation at Browning Montana and at the Chippewa Cree Reservation. Their route home was through Gallatin Gateway into Yellowstone, ackson Hole, Utah and New Mexico visiting the Navajos.

Two Masses Start Sunday

Next Sunday, St. Louis Church in Cathedral City will inaugurate a second service at 10 o'clock. The customary mass at 8 will continue to be celebrated so that with two services the people of the surrounding districts will be cared for more comfortably.

Cathedral City Round-Up

Notice is hereby given to those contributing items of only personal interest that after those which we have on hand have been printed no more will be accepted. From now on we will get only the amount of news space our ads and circulation entitle us to. Also it is only in this controversial field that we have been "cussed if we did and cussed if we didn't."

Mr. and Mrs. Leo Brown have given a generous contribution to the Community Church to enable them to finish the kitchen and lavatories and to start at once giving dinners and parties to pay for the church.

Mrs. Dena Sternberg from Albany and Mr. Nellie Ramsey from Centralia Wash., are house guests of the Wallers. Mrs. Sternberg is Lolita's mother and is much interested in the Sunny Dress shop venture. Sunny's Shop was repainted by Carroll this week in its original colors and decoration as Lolita says she is following Mabell Carson's footsteps in a paying business and appreciates all she did to make it so successful. We are glad to learn that Mrs. Carson will continue in the shop for several weeks introducing her customers and will live in her deluxe trailer at Tramview for the winter.

Robert Hillery, second year student in the Riverside Junior College is a disappointed man this week because he was captain of his district in Riverside for the Young People's Republican League and shook hands with Gov. Warren when he was there.

Mr. and Mrs. Leslie Kelley and guests from Kelley Kottages attended the Halloween Dance at the DeLuxe Trailer Park last Saturday evening. Mr. and Mrs. C. S. Silver, Los Angeles, Mr. and Mrs. C. Kilburn, Vallejo, Mr. and Mrs. Joseph Reinboldt, Tacoma, and Mrs. Edward Nelson, Burlington, Iowa.

Mr. and Mrs. Onas M. Ward, property owners in Cathedral have also purchased through W. R. Hillery, the Garcia property on D Street. They live on a ranch in the Rancho Mirage district.

Mr. and Mrs. Morris Southstone, owners of the Grand View Court have returned to Cathedral after spending the summer at Long Beach.

Vernon Krings resident of Cathedral since 1945 and in the ChevroBn station since 1946 has taken it over now as the new operator in place of Herb Henry who says his garage on Broadway and Lavender Lane is taking all his time. Vernon lives in the DeLuxe Trailer Park with his wife, Lavina and their three boys.

Mrs. Lennie Linkletter was hostess to Mary Wolseth at the Palm Springs Woman's club first meeting last Monday. Meta Ellinger and Lolita Waller were also present to hear Margaret Alexander Dunn tell of the New York theater season and give short reviews of the most popular plays.

Mrs. Emma Hammill has returned from a ten day visit in Long Beach with her friend Mrs. N. Weinacht.

Harvey Gerth and Richard Crossman the two young men who have made the Sky Ridge Trailer Court into a beauty spot which is an asset to any community, have offered their barbecue facilities to the Woman's Club Ways and Means Committee for a Western good fellowship party in the near future. If it is successful they hope it will be used often for the same purpose.

Vegetables in Potter's Market show the artistic touch of a woman's hand these days. Mrs. Thelma Junkin and her brother have leased the vegetable stand and say that they are going to carry a wider variety then ever before. They live in Palm Village where they are buying a home.

Chester Riley, brother of Portia who has owned property and a house on B Street and Verbena Lane for many years, got busy last Tuesday and burned the trash which had been piled on his lot by thoughtless neighbors. Last Spring the fire department was hired by Miss Riley to do the same job. He said that these vacant lots in town give the desert feeling to this soon to be congested area and that they can enhance the beauty of the town or become eye sores. Each vacant lot event if it has been levelled off in a short time is dotted with greasewoods, burro bushes, salt bushes and desert vegeation which make the desert. Mr. Riley urged people living next to these vacant lots to help the absentee owners keep them clean and free from trash.

The De Luxe Trailer park held its opening dinner on a recent Saturday and are off for a busy season. With Lillian Sturm giving her entire attention to the job of hostess many activities are planned. Sunday nights there will be Bingo parties, Monday nights Shuffle Board Club. The Al Kahns, Frank Beals, Frank Jones, Phil Johnstonbaugh, Fred Nells, C. E. Whites and Dusty Rhodes have come back again this week. The Park is humming with greetings to returning friends who exchange fish tales of the summer, All are looking forward to the Western Dance this Saturday. The public is invited but it will be necessary to purchase membership cards at the door for 50 cents a week or $7.50 for the season.

Sez I---

"I bet you all the money I have in my pocket," declared Paul Clark "that at the end of the season you will find only about one third of your "Block Hostesses" are still functioning or have functioned effectively. What's more, I'll take your word for it!"

"I'll take you up on that" said I and dragged him in before the election board to have witnesses. Again he made the statement. "Let's see how much you've got. Eleven dollars! It's as good as in our President's Fund for the betterment of the Woman's Club. You only think you know what this town is incapable of doing. Nobody in this town before has ever known what he really could do until he tried."

Palm Desert Art Gallery Attracts Great Interest

Under the name of Palm Desert Art Gallery, the Desert Magazine Press Inc., is now sponsoring a permanent exhibition of desert and western paintings in the foyer of their new building at Palm Desert ten miles east of Palm Springs and four miles from Cathedral City. Director of the new enterprise is J. Marie Ropp, well known in art circles for her expert handling of creative works which she delights in selling to an appreciative public. The gallery, in its unque setting in the heart of the desert promises to be a popular mecca for the beauty loving tourists as well as an art home for the western painters who return here year after year to interpret the desert in all its changing moods.

The exhibition will continue through the winter and cathedral court owners are urged to acquaint their guests of another special feature of desert.

Mr. and Mrs. Clarence Luters from Gig Harbor, Wash., are visiting the Howard Headleys who visited them this summer. They were winter guests two years ago.

Mr. and Mrs. Lee Page are building a new home on their ranch. In the meantime they are living in town.

Indians Take On Banning On Foe's Lot

Palm Springs high school Indians travel today to Banning, their second out-of-town trip this season and the last one. The remainder of the schedule is on the home lot.

Banning high is just a scale above the Indians in league standings. They won their opening game and looked like one of the loop's surprises but dropped their next two.

The Indians, who were beat last week by Hemet are eager to improve their standing in the loop and as time is running out on them, want to do it today.

Coach C. E. Ballagh is trying to fan the fire that propelled the team to an early season win over San Jacinto and gave them a tie with Beaumont.

The Indians have been hot on alternate Fridays. They downed San Jacinto and then lost to Elsinore, tied Beaumont and then were walloped by Hemet.

"This may be their day to be hot," said Coach Ballagh hopefully.

The 14-year-old law wouldn't be so bad if parents were a little more thoughtful and careful about letting the kids out on the road . . . The fellow who invented DDT got a Nobel prize last week . . . He got his reward after the insects developed an immunity to it.

PRAISE goes to Paul Summers of the high school faculty and to the Lions club for their Hallowe'en party . . . Reports from other towns around indicate that Hallowe'en got out of hand . . . In Palm Springs there were only a few scattered reports of vandalism and the town was peaceful Hallowe'en . . . Almost 600 kids had a great time at the parties arranged by Summers and paid for by the Lions . . . And the merchants saved hundreds of dollars in damage and the labor costs they used to pay cleaning up the next morning . . . Arthur G. Hoff, acting school superintendent, also comes in for praise for the cooperation shown. . . . He put the school bus system at the disposal of the police and every kid got to his home safely, even in the outlying districts . . . All but three who missed the bus. . . . And the police took them home . . . That was a thrill for the kids, to ride in a white car with a red head-light.

JUST THINKING in the silence. . . . I'm too tired to put on another stack of records . . . Seems that a lot of people confined their voting to the various polls and stayed home on Tuesday . . . Personally, while I regret my long sojourn on the losing side, I think the country will go ahead as usual . . . A place to eat and sleep and both of them in Palm Springs . . . That's plenty . . . A clerk complained yesterday that the boot was on the other foot. . . . "We've been accused of not giving courteous service at times. . . . You should see some of the people who demand that service. . . . Then you'd know who's rude." . . . After a lapse of several months, debate is again on in the G household . . . Mrs. G says "The Matador" is going to be a big number on the Hit Parade . . . I'm still holding out for "Buttons and Bows." . . . Although I prefer zippers and snaps.

IT ISN'T the cold . . . It's the Trumanity.

DONATIONS—Max Dresdner is all wrapped up in passes for the Home Coming Frolic next Wednesday. He's the one with the least hair. The girls who are giving him a bad (or good, it depends on the point of view) time are Estelle Mann, left, and Nancy Kendall, right. (Chamber of Commerce Photo.)

Biavaschis Here 21 Years

Friends this week were congratulating Mr. and Mrs. Tony Biavaschi on the occasion of their 21st year as residents of Palm Springs. Mrs. Biavachi only recently returned from confinement at the Palm Springs hospital following a siege of illness. Mr. Biavaschi who became ill almost at the same time spent a month in bed at home.

Village friends visited the couple at their home. Recently friends from San Francisco Mr. and Mrs. Frank DeCosta spent a visit at the couple's home.

Village Tank Goes to Borrego

A bit of Palm Springs will soon be moved to Borrego Springs.

Council Wednesday night accepted the bid of Robert Ransom, the only one received, for a giant redwood water tank now on a tall derrick at the municipal airport.

The tank will be used by the Borrego Water company.

Miss Patricia Wins Show Title

Through an error in transmission of a number, the wrong dog got credit for being best of the show at La Quinta's highly successful event last Sunday. It was the eleventh annual show of the Palm Springs Kennel club.

Winning honors went to Champion Payson's Miss Patricia, Charles D. Cline's Boston Terrier. Cline lives in Roscoe.

Other winnees included:

Working breeds: Champion Lass of Seamair, a German shepherd owned by Rocky Reach Kennels of Claremont.

Normandy Village Hotel is Opened For New Season

There will be a special program at the Huseum Sunday night at 8 o'clock when Ted Hutchison of the Desert Plant Nursery at Rancho Mirage will give a talk on "Growing Desert Plants."

Monday night at 8 o'clock the first monthly meeting of the new Desert Bird Group will be held at the Museum.

Hospital News

By HERMINE ROSIN

This week will see the addition of two very valuable persons to the staff of our hospital. Miss Stephanie J. Szkodzinski will have complete charge of the Obstetrical Department. She is a graduate of St. John's university, Brooklyn and has been associated with Kings County hospital in Brooklyn. She was also with the U. S. Army for several years in general, evacuation and train hospital duty.

TODAY Community hospital will have a new surgery supervisor in Mrs. Madge Havemann, who arrived with her family recently from northern California. She graduated from the University of Michigan medical school hospital at Ann Arbor. From there she became nurse superintendent of the Simpson Memorial Institute for pernicious anemia where she remained for several years. From the latter institution she moved to northern California where she had experience in several hospitals of the San Francisco bay area. She comes very highly recommended by everyone under whom she has worked. Her husband is M. S. Havemann, M. D. They have a son, 14 years of age, who is attending school here in Palm Springs.

Girl Scout News

At the last meeting of Brownie Troop IV, under the leadership of Mrs. Elizabeth Jackson and Mrs. Pauline Self, the girls had an enjoyable combination of two activities. Patrol I prepared a party while Patrol blazed a roundabout trail to the nearby Youth Center. Patrol I then followed the trail and all the girls finished the afternoon off with eats, games and dancing.

Rosadean Smith and Pat Babcock are now officially Girl Scouts after an impressive Investiture ceremony Tuesday. They are members of Troop V under the leadership of Mrs. Roma Marvin and Mrs. Jeanette McCabe.

Not to be discouraged by the wind, Troop III held their cookout last week as planned. They found a nice little hollow out in the desert and they all had a great time roasting wieners and marshmellows with all the trimmings. The Scouts were accompanied by leaders Mrs. Grace Morrison and Mrs. Paul Campbell.

The Scout of Troop VIII were happy to welcome back their leader, Mrs. Barbara Markert. Mrs. Markert's return to the Village was delayed by illness.

ENGINEERED VALVE Buick IN-HEAD PARTS BUICK CARE KEEPS BUICKS BEST

Here's All-New Factory-Fresh Fireball Power for Your Old Buick—Yours in Only Hours!

WANT to bring back all the new-car lift and thrill in that '37-or-later Buick of yours? Want the zip, the zing, the pep of a power plant factory-fresh and eager?

In one to two working days, we can replace your old engine with a brand-new fresh-from-the-factory power plant.

It will be an all-new, brand-new engine — not a rebuilt — but the same hood-filling straight-eight power plant you'd find in 1948's bonny Buick. And you get all the items listed in the panel — all new — the most complete package of concentrated power ever!

There's a brand-new ignition system, from distributor to spark plug wires. The clutch, pistons, rings, valves — even the water pump — all are factory-new. It's all waiting for you in our shop — no delay, because the factory is turning out engines faster than they can build new cars.

You can have the thrill that comes with owning and driving a 1948-powered car — at a cost that's much less than you think, although it varies a bit from one model to another. Come in today for detailed figures for your model Buick.
